

Mailwise International | November 2014

Mailwise International, South Africa's leading provider of bulk mail logistics solutions, was acquired in November 2014 in a transaction led by Marlow Capital and Mailwise management.

Capital will be invested into Mailwise to grow revenues, expand services and enter new international markets. Marlow will also work with Mailwise to improve operational efficiencies across the business through driving working capital management and cash flow generation, and overseeing the company's compliance with international best practice in systems and governance. Mailwise aims to extend its footprint across Africa and grow into a leading international logistics player.
