

## ***Teraco Data Environments*** | *June 2011*

*Marlow completed a R157 million equity and debt financing for Teraco.*

*Teraco is the first provider of vendor neutral Data Centres in South Africa. Customers trust Teraco to house their core business systems in facilities built and operated to global best practice, while benefiting from unrestricted choice of network and service provider.*

*New capital was raised to further grow the business with data centres in Johannesburg, Cape Town and Durban.*
